

The image is a promotional advertisement for Riley Snooker Tables. The top half features a close-up, high-angle shot of a snooker table's corner. The green felt is visible, along with a red ball and a white ball. A white leather cue tip is prominently displayed, with the 'RILEY' logo and a small triangle symbol embossed on it. The cue is held in a black metal rest. The bottom half of the image is a dark grey gradient background. On the left, there is a black rectangular box containing the 'RILEY ENGLAND' logo. The logo consists of a stylized green and red graphic of a snooker ball and a cue, followed by the word 'RILEY' in a bold, italicized, sans-serif font, and 'ENGLAND' in a smaller, plain sans-serif font below it. At the bottom left, the text 'RILEY SNOOKER TABLE COLLECTION' is written in a white, serif font.

Italian 5 Piece Slate - Precision honed by laser creating the optimum playing surface. Cut to Tournament specifications.

High Quality - Northern rubber selected for all professional tournaments around the world. Cut to Tournament templates.

Pocket Leathers - Selected from the best quality hides, blemish free.

RILEY ARISTOCRAT TOURNAMENT CHAMPION

Riley Aristocrat Tournament Champion -

The Aristocrat Tournament Champion is the flagship of the Riley range and probably the finest snooker table available in the world today. There is no other snooker table that offers the professional tournament experience as closely. It is immediately recognisable – the iconic silver design as seen in televised Ranking Tournaments all over the world until 2009. Modern, yet traditional, the table oozes quality and style. Since 1992, 8 different World Champions have been crowned on Riley tables, including greats of the game like Stephen Hendry, Ronnie O'Sullivan and John Higgins.

A snooker table is a thing of beauty, built by craftsmen, engineered to a standard envied by many imitated by few. No other company can produce a hand crafted table to the same exacting standard.

Sometimes in life we demand the best no matter what the cost. Some would call our approach arrogant. We prefer prestigious quality

RILEY ARISTOCRAT CHAMPION

Riley Aristocrat Champion -

A traditional snooker table and the predecessor to the Aristocrat Tournament Champion table. The Aristocrat Champion was used at every professional event between 1993 and 2005.

The Aristocrat Champion is engineered and built to the same exacting standards as the Aristocrat Tournament Champion. The obvious difference is the traditional style, dark stained mahogany throughout opposed to the Tournament Champion which is the distinctive mahogany and silver mix providing a more contemporary styling.

The Aristocrat Champion is provided with club cut slate and pockets as opposed to the tournament specification of the Tournament Champion - a little more forgiving for the casual player.

RILEY ARISTOCRAT

Riley Aristocrat -

A traditional snooker table that has been in production for over 100 years. Iconic design and styling that has been often imitated, but never equalled. The Aristocrat is made in England by expert craftsmen – trained to accept nothing but the very best.

No other company in the World has the experience of Riley in crafting snooker tables – we were around when the game was first invented. The Aristocrat, with its unmistakable, exquisitely turned legs, has become the iconic image of the sport – think snooker and you probably visualise an Aristocrat table.

Manufactured from the finest mahogany and hand selected solid woods then hand finished to the highest standards, this is not only a superlative piece of sports equipment. This table is a beautifully crafted heirloom that will grace any home. Sizes available: 12', 10', 9' and 8'.

Welcome to Riley

Mention the name "Riley" to anyone with a passing knowledge of snooker and the recognition is immediate. Riley stands for everything that other companies envy yet admire. For the tradition that comes with over a century at the forefront of the game; for the commitment to craftsmanship in every detail that the players can see – as well as all those that they can't; and for the passion for innovation, without which tradition is merely an excuse for looking backwards – not forwards in expectation of even greater things to come.
